

**Ohio Market Lead**

**[bthayer@augustmack.com](mailto:bthayer@augustmack.com)**

Bennett Thayer, CHMM, is the Ohio Market Lead for August Mack Environmental, Inc.'s Ohio office. He has over 15 years of experience assisting industrial and municipal facilities with their environmental compliance. Bennett is experienced in auditing, permitting, regulatory negotiations, chemical management, training, and Environmental Management Systems development and implementation. He is proficient in his understanding of Clean Water Act (CWA), Clean Air Act (CAA), Resource Conservation and Recovery Act (RCRA), and National Pollutant Discharge Elimination System (NPDES) requirements. He has also done work in the areas of

hydro-geologic site assessments, Underground Storage Tank (UST) closures, industrial hygiene (asbestos/mold), and real estate due diligence investigations. Bennett is the Secretary of the Air and Waste Management Association (Southwest Ohio Chapter), and a Treasurer of the Central Ohio Certified Hazardous Materials Managers.

**Project Experience:**

- Provided auditing and environmental management system program development for numerous industrial facilities in the areas of air, storm water, wastewater, waste generation, waste handling and disposal, employee training, and chemical management and reporting, and safety.
- Various Hazardous Materials and Hazardous Waste Management duties including: waste characterizations and profiling, waste shipment preparation, waste minimization studies and agency negotiations and correspondences.
- CAA, CWA, EPCRA, and RCRA reporting and permitting, pollution prevention planning, recordkeeping, spill response, and training.
- Performed subsurface investigation activities at Bureau of Underground Storage Tank Regulations (BUSTR), Resource Conservation and Recovery Act (RCRA), and Voluntary Action Plan (VAP) industrial and commercial sites.
- Due Diligence Investigations including Phase I/Phase II, Lead, Asbestos, and Mold Assessments.

**Expertise:**

- Environmental, Health, & Safety Auditing
- EMS Program Implementation & Development
- Hazardous Materials Management
- Regulatory Permitting and Reporting
- Due Diligence Investigations for Property Transactions

**Education & Certifications:**

- B.S Environmental Science, Otterbein College
- 38-Hour Wetland Delineation & Management Training, U.S. Army Core of Engineers
- 40-Hour Hazardous Waste Site Operations (HAZWOPER) Training, OSHA
- Asbestos Hazard Evaluation Specialist, State of Ohio, Department of Health
- Certified Hazardous Materials Manager, CHMM
